

MINI FLOOR PUMP W/ GAUGE

MP-04G

- Folding Design For Easy Storage
- Presta & Schrader Compatible
- Integrated Foot Peg For Easy Control

WEIGHT 204gm

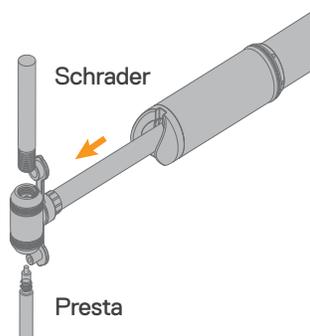

LENGTH OPEN 438mm

CAPACITY 160 PSI

LENGTH CLOSED 286mm

INSTRUCTIONS

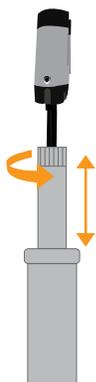

- 1** Place pump head onto tire's Presta or Schrader valve. Tighten by rotating the opposite side of pump head. Head must be all the way down to engage valve stem.

- 4** Rotate gauge 90°.

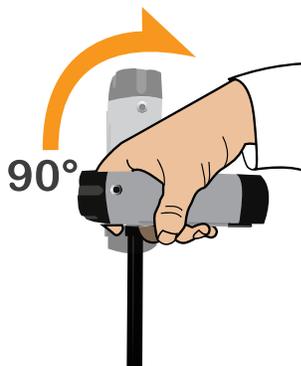

- 2** Pull out handle and unlock inner cylinder by twisting cylinder collar counterclockwise to unlock position for telescoping feature.

- 5** When pumping becomes difficult Re-Lock inner cylinder by turning cylinder collar clockwise to lock position for non telescope action.

- 3** Pull up handle and flip 90°.

MOUNTING

With the longer bolts, it's easily mounted under bottle cage.
